

## Bibliography

This book contains no formal extended Bibliography.

The following authors and their books, among the very many the author has personally read, have been studied in some depth.

- |                                 |   |
|---------------------------------|---|
| D. J. Amos                      | The Story of the Commonwealth Bank                        |
| Philip Day                      | Hijacked Inheritance                                      |
| Richard Douthwaite              | The Growth Illusion                                       |
|                                 | <i>Short Circuit</i>                                      |
| Susan George                    | The Debt Boomerang  |
| Olive and Jan Grubiak           | The Guernsey Experiment                                   |
| Paul Hellyer,                   | Stop Think  |
| William Hixson                  | It's Your Money   |
|                                 | What's the difference between bankers and Counterfeiters? |
